Prestigious Fires are showcasing their fabulous Bahama Fire Table at Grand Designs Live in Birmingham.

This unique fire table has been designed with outdoor living in mind. It is crafted in the UK and manufactured to a high specification to create a truly envious piece of furniture.

The tables are built to sustain the outdoor elements and are fabricated from heavy gauge stainless steel then powder coated in a choice of colours. A Large storage drawer is also available within the base and an optional ice bucket can be fitted to it.

Make sure you visit Prestigious Fires on stand G455 to see their range of fire tables as well as hole in the wall fires amongst others.
